GOSSIP OF THE RACETRACK

GO BETWEEN PROTEST IS DIS-MISSED BY THE STEWARDS.

urban Winner's Sex Not Described in Making Entry, but Rule Will Be Strictly Enforced in Future—Jockey Club Clashes With Brighton as to a Starter.

The stewards of the Coney Island Jockey Club—H. E. Knapp, S. L. Parsons and H. B. Duryes—after making a thorough investigation yesterday decided to turn down the protest of F. P. Hitchcock and J. E. Madden against the winning of the Suburban Handicap by A. Shields's Go Between on the ground that the son of Meddler—Indigo was not a gelding but a stallion. The official ruling read as follows:

"The protest of June 27 against Go Between as winner of the Suburban Handicap on the ground of his being entered as a gelding is denied, no description of sex having been given in making the original entry."

when Shields filled out the Suburban entry blank he did what most horsemen are accustomed to do. He simply filled in the name "Go Between," without stating his sex or pedigree. Go Between was handleapped to carry a certain weight which he carried with a penalty and won. The ruling of the stewards was favorably commented on by nearly all the horsemen who learned of it at the track. Messrs. Hitchcock and Madden accepted the decision gracefully and Shields was perhaps one of the happiest men in the world. But the case brings to light the fact that in future in making nominations to stakes owners in making nominations to stakes owners should be compelled to state the sex and pedigree of their entries so that such mistakes cannot occur again. In making his protest Mr. Hitchcock, who is a stickler for the rules, which have been in many cases framed by him, acted in the interest of fair play. He said that he believed the rules should be enforced to the letter and that the fact that his here. Dandellon, ran second and would

Brady, whose colors, red, white and blue, were carried by Accountant. Brady bought the Filigrane colt for \$45,000, believing that the Filigrane colt for \$45,000, believing that he had the Advance and other rich stakes at his mercy. Brady also bet a chunk on the colt yesterday and was on the verge of a collapse when he saw his racer come home disgracefully beaten. John E. Madden stood to win a nice bet on The Quall, who was not ridden very well. Sewell made him run three-quarters of a mile from home. Had he waited The Quail might have turned the trick. The Advance was worth \$11,750, the Coney Island Jockey Club making up the difference, so that the gross value of the stakes was worth \$15,000, of which Flip Flap got \$12,000. As it cost Bennet \$250 to start the filly he got good interest on the investment. The Advance, run for the first time in 1899, was won by Thomas Cat, Imp, Star Bright, Gold Heels, Africander, Irish Lad and Agile.

The Great Trial stakes was worth \$19,550, the association increasing the amount to \$25,000, of which the winner received \$20,000. The stable connections did not bet on Oran, who went up to 15 to 1. George Langdon, however, bet extensively on Oran and wo a fat bankroll. Langdon also cleaned up later on with Magna Stella, in the sixth race, enjoying one of the most profitable days of his career. He did not bet on Flip Flap, although he and Bennet are close turf cistes. The Great Trial has been won by these horses: His Highness, Chiswick, Domino, Waltzer, Handspring, Winged Foot, Hamburg, Jean Beraud, David Garrick, Commando, Blue Girl, Irish Lad, Pulsus, Flyback and Security.

Another of H. P. Whitney's horses has gone wrong. This time it is Timber, the colt who took Roseben's measure the other day in impressive style. Timber pulled up after a recent workout with a split hoof, which may throw him out of training permanently. With Artful, Tanya, Burgomaster and Tim-ber all incapacitated this year the Whitney etable has been seriously crippled.

Tony Aste won enough money on Gold Lady in the fifth race to make a run up seem like a drop in the bucket. Gold Lady was entered to be sold for \$500. When she was ffered a man bid \$1,000. Aste quickly raised the figures to \$1,500, whereupon his opponent said \$1,600. Then Aste bid \$2,000, and the filly was knocked down to her owner. Cyclops, Vaquero, Lad of Langdon and Green Seal were all tipped in this event.

Three starters in the sixth event that finished heads apart in the money were framed for mild killings. J. H. McAvoy, R. S. Tower of on, George Langdon and others clean up with Magna Stella. Charley Ellison had a coup framed with Knight of Ivanhoe, who ran second, while Fred Johnson had the ks down on Marriage Banns, a Banaster filly, that ran third. As the trio were played

three ways the books got a good scorching. Billy Dubois, the well known clubhouse commissioner, startled his patrons with a new linen suit in which he blossomed out

I've got Jim Brady faded," said Dubois

to his friends.
"What did you pay for the rig?" asked John Walters.
"Nine whole dollars!" was the reply, as went away to handle thousands during the afternoon.

The Crescent Athletic Club gave its first open regatta yesterday, and if the pace it set at the start is kept up it will very soon be a prominent factor in the yachting world. Forty-three boats were entered. A few were provisional on being able to get ready and twelve were dories. Twenty-six yachts started. There were only three dories, the strong wind which blew down the bay during the morning making the owners of the small strong wind which blew down the bay during the morning making the owners of the small craft keep to their moorings. The races were started off the Atlantic Yacht Club house at Sea Gate, their club, old in the yachting world, having extended to the Creacents the privilege of their house, thus giving the infant a helping hand, and Theodore D. Running in time that was a lift of a second behind the world's record, made by Irish Lad in 1904, J. A. Bennet's Flip Flap, a three-year-old filly by Handspring, won the Advance Stakes, weight for age, one mile and three furlongs, by a length yesterday. Flip Flap was an added that a state and was contend at 20 to 1. was an added starter and was quoted at 30 to 1. Her time was 2:17 4-5, carrying 108 pounds. Her time was 2:17 4-5, carrying 108 pounds. It was a magnificent race from a spectacular point of view, but it was a bitter disappointment to the thousands who backed Whimsical, the 2 to 1 favorite, to win a fortune. Whimsical ran second, beating John E. Madden's The Quali, 10 to 1, by a head, with Sydney Paget's Cairngorm, 5 to 1, a head out of the money. James B. Brady's \$45,000 Accountant, 18 to 5, was nowhere. Accountant and Whimsical went out to make the pace. The latter had a slight advantage in the run up the back stretch, with James R. Keene's Bohemian, 8 to 1, in third place, followed by The Quali and Cairngorm, who were practically on even Cairngorm, who were practically on even terms. Sir Huon and Flip Flap were the trailers, so far behind the two leaders that trailers, so far behind the two leaders that nobody gave Bennet's filly a look in. On the far turn the rear guard began to close up. Accountant done to a turn by Whimsical, began to falter and then dropped out of it. Bohemian stopped too, and then The Quali made a bold dash for the lead, getting his head in front of Whimsical as the pair turned into the homestretch. By that time Willie Knapp had begun to make his rungwith Filip. With her usual great burst of speed

YACHTS IN LIVELY RACE. Mimosa III. Covers 15 1-2 Mile Course at

New Rechelle in Fast Time.

Thirty-four yachts sailed a fast race yesterday on Long Island Sound in the twenty-first annual regatta of the New Rochelle Yacht first annual regatta of the New Rochelle Yacht Club., From start to finish there was a fresh breeze from the west northwest, so that Trenos L. Park's sloop Mimosa III., the winner in Class N. covered the 15¼ mile_course in 2 hours 9 minutes 27 seconds. The closeness of the finishes may be best shown by saying that twenty-hine of the yachts crossed the finish line in 27 minutes 20 seconds. The finish line in 37 minutes 30 seconds. seven New York Yacht Club thirties all finished in 4 minutes 24 seconds. Clifford D. Mallory's Benzal beating the Cara Mia by 2 minutes 37 seconds, the latter leading the Dahinda by 54 seconds.

In the receabout class the Pretty Quick, owned by A. B. Alley, was the winner from the Rascal III. by 57 seconds, and L. J. Carcey's Follette won the Larchmont 21 foot prize from the Vaquero by 5 minutes 10 seconds. A. E. Black's Thelema won in the handloap class by 2 minutes 57 seconds, corrected time, from the Rube, and F. C. Sullivan's sloop Mopsa, won in Class Q from F. P. Currier's Paumonak by 2 minutes 29 seconds. The other winners were the Rascal, the San Toy, the Crace and the 13 and 5. The latter, which is one of the Riverside Yacht Club's new design boats, won from the Dooley by 18 minutes 54 seconds.

The start was a pretty sight in the stiff breeze. All the thirties had crossed the line twenty-five seconds after the signal. The first leg of the course was a run, the second a reach and the final windward work. The summary:

YACHTS OFF IN EASTERN RACE. Elmina Takes the Lead Leaving New London for Marblehead. New London, Conn., June 30,-Only nine

boats entered in the Eastern Yacht Club race from here to Marblehead, which was scheduled for 4:80 o'clock this afternoon, but at that hour the wind was very light from the southwest and the regatta com-mittee's tug Aries, which had been at anchor mittee's tug Aries, which had been at anchor off Sarah's Ledge, the starting point, came into the harbor and after announcing a postponement, hooked onto the Constellation and towed her outside where she could catch a breeze. All the other yachts sailed out of the harbor without assistance.

The warning whistle from the tug was blown at 5:30, the preparatory signal at 5:35 and the start at 5:40. The wind, what little there was, at the start was from the southwest, but soon freshened and veered to a ten knot breeze from the northeast, which was accompanied by rain and subsequently developed into a vivid thunderstorm.

In the first division for schooners the Elmina led the Corona across the line by 24 seconds, and the Corona across the line by 24 seconds, and the Constellation, which seemed to be becalined off New London Lighthouse, followed nearly five minutes astern, but travelling at a rate that bid fair to soon put her ahead of her competitors. In the second division for schooners the Taormina had the Dervish to contend with.

The former passed the starting flag at about 5:45 and the Dervish two minutes later. In the special class the auxiliary schooner yacht Emerald and yawi Vigilant were the only entries. The Vigilant started remarkably fast, considering the breeze, and the Emerald was left astern seemingly as if anchored.

The first division for sloops had no entries off Sarah's Ledge, the starting point, came

Emerald was left astern seemingly as if anchored.

The first division for sloops had no entries and in the second division the Kestrel and Trivia competed. Half an hour after the yachts started they were being bowled along by the strong northeast breeze. The Elmina was seen to lead the Corona by 24 seconds when Race Rock Lighthouse was turned, preparatory to making the run to the southward of Fisher's Island. The time of the yachts as they crossed the starting line was as follows:

Phenomenal Play for the Spening Day -Wykagyi Wins Team Match From Siwaney-Class Handleaps at Fox Hills and Elsewhere in Spite of Heat.

Walter J. Travis and O. J. Sullivan, the former playing with H. V. Keep and the latter with D. R. Fell, had each a 75 yesterday over the smateur championship course at the Englewood Colf Club. The score equalled the amajeur record for the course made last season by Ralph Peters, Jr., and gives a line on what the order of scoring must be to win the amateur title during the tournament of July 10-14. It was the first time the champion course had been opened.

As played the new putting green and its circus bunker on the seventeenth was a delight to the eye and as true as a carpet to run the ball over. The old sixth and seventh holes have been amalgamated, making a seventh hole of 425 yards, on which tail grass and a sand trap must be carried on the

seventh hole of 425 yards, on which tail grass and a sand trap must be carried on the drive and a ditch before the green cleared on the second. A short driver gets a hanging lie and has trouble to get past the ditch. The new seventeenth is of 380 yards, and the home hole, instead of being 500 yards, is a full iron shot over the double road, the distance being 160 yards. The round is about the same as last year, 6,203 yards, bogey 81 and the M. G. A. par 744. The course will be open this week to entrants in the amateur championship, who will also have the privileges of the club. The Englewood tournament committee for the championship will be H. V. The races were all run off in the mud and rain and with a very light attendance. LONG ISLAND R. A. HOLDS TWENTY-FIRST REGATTA. MoGee of the Ravenswood B. C. Graduates

in Junior Singles -Crescent A. C. Takes Cup for Fours-Shepheard Wins in The Long Island Rowing Association held ts twenty-first annual regatta on Flushing

Bay yesterday and a programme of eight events made an afternoon's capital sport. On account of the rough water caused by a strong east wind the start of the affair had to be postponed for about an hour and a half. As the day wore on, however, the conditions improved and a lot of time was made up on the schedule. The course was a mile long from the head of College Point to the extreme end of the dyke.

Five scullers started in the junior singles

Five soullers started in the funior singles and after they got going the water was so rough that the shells travelled under water most of the time. For a couple of hundred yards or so the quintet pulled even enough, when McGee of the Ravenswoods, who had the inside course and the smoothest water, took the lead. Mann of the New York A. C. started het after the Ravenswood man but could never overhaul him and McGee, sculling strong at the finish, won by about four lengths, Nial of the Union B. C. was a close third. Thompson of the Nassau B. C. stopped rowing and Cassidy of the Brooklyn R. C. beat W. B. Harrison, G. C. C. Covernors cup:

W. B. Babcock, 98, 16—85; E. De Raiemer, 94

Reilly, 110, 20—90. anokes and Crescents-rowed blade for blade for about a quarter. Soon afterward the Wyanokes struck out and taking the lead were never headed to the finish, winning with a lot to spare. The Crescent R. C. lof New York was second. A bit of a mixup occurred between the Ravenswoods and the Seawanhakas, the former running into the latter and Referee Pilkington finally placed the Seawanhakas in third position. In the inter-mediate four gig race the New Rochelle R. C. crew gave a fine exhibition of rowing, for after the gun cracked they sailed to the front and all doubt as to the winner was settled. New Rochelle won with the greatest ease and after good tussie the Metropolitans secured the place from the Sheepshead Bay R. C. and the Intsitute B. C. of New ark. The junior four shell race furnished con-siderable excitement and also stirred up a

lot of local partisanship and club feeling. Only two crews tried for the honors, the Crescent A. C. and the Ravenswood B. C., and for about a quarter of a mile or so the boats about a quarter of a mile or so the boats travelled on even terms, and then the Crescents began to slip away gradually. They were leading by four lengths near the finish when police boat No. 3 of the harbor squad ran into the Ravensw ood shell and tore away the entire bow. The Crescents finished alone.

Of the crowd of local senior scullers only one man had the courage to measure blades with Fred Shepheard. This plucky youngster was Durando miller of the New York A.C., who only a short time ago won his way into the senior class, yet he is scarcely out of his teens. For three-quarters of a mile Miller gave Shepheard the gamest sort of a light, but the Seawanhaka man's age and weight told over the last quarter, and he won by about three lengths.

The Metropolitan R. C. was unfortunate in the senior four shell, for when leading about two hundred yards from the finish they were deliberately fouled by the Staten Island B.C. The crews interlocked oars and stopped rowing, and the Ravenswoods, coming up from third place, went ahead and won. The referee disqualified the Staten Islanders and placed the Mets second. Columbia University had an easy victory in the junior eight shell. Junior Single Sculls—Won by Thomas McGes. Ravenswood B.C. R. B. Mann, New York A. C. second: W. A. Neal, Union eight shell. Junior Double Sculls—Won by Wyanoke B. C. with H. Hart, bow, and S. Hartenstein, stroke Crescent R. C. second, with Joseph Little, bow, and William Koop, stroke: Seawanhaka B.C., third, with Richard Farnan, bow, and John Smithlin, stroke. Time, 6 minutes 43½ seconds.

Intermediate Four Gig—Won by New Rochelle R. C., with A.G. Atwood, bow; W. W. Fulle, 2: A.C. Poster, 3: W. N. Bavier, stroke, and A. R. Gallaudet, cosswain; Metropolitan R. C., second, with Chaires Revinsood B. C., Seconds.
